Our Valued Clients

Technology Training & Learning

Resources

Artificial Intelligence (AI)
&
Machine Learning (ML)

Internet of Things (IoT)
&
Embedded Systems

DevOps, Cybersecurity
&
Data Science

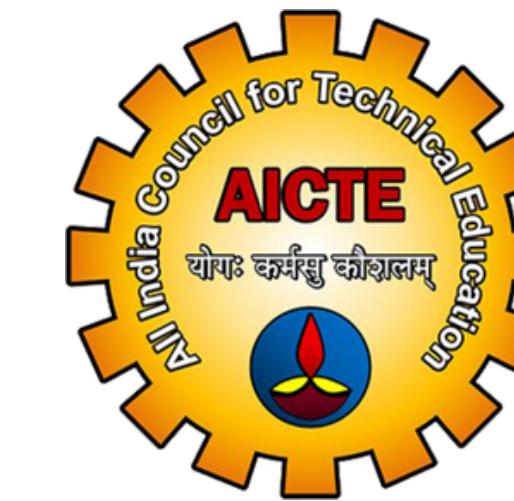

Augmented Reality (AR) & Virtual
Reality (VR)

Generative AI, VLSI,

MATLAB, Digital Marketing

AICTE-Approved Internships

- Hands-on experience in trending technology domains
- Enhances practical skills and real-world project exposure
- Live and recorded sessions
- Learning at your own pace, anywhere, anytime

Custom Technology Solutions & Consulting

END-TO-END TECHNOLOGY SOLUTIONS

- Automation & Robotics
- Electronics & Instrumentation
- Fire Protection Systems

EXPERT CONSULTING SERVICES

- Tailored solutions for businesses and professionals
- Project support and implementation guidance

FULL-STACK DEVELOPMENT & INTEGRATION

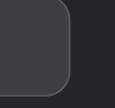

- Web and mobile app development
- Custom software solutions
- Embedded software & hardware integration

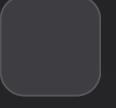

Cutting-Edge Training in Tech Fields

TechHub provides specialized training programs in high-demand tech fields, preparing learners for success.

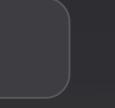

Artificial Intelligence (AI)

Learn machine learning, deep learning, and AI algorithms.

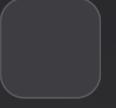

Data Science

Analyze, visualize, and predict data.

Cybersecurity

Secure networks, practice ethical hacking, and protect data.

Full Stack Development

Build web applications, mastering front-end and back-end technologies.

Expertise in Trending Technologies

- Artificial Intelligence (AI) & Machine Learning (ML)
 - Advanced AI algorithms and ML models for automation and insights
- Internet of Things (IoT)
 - Smart devices and connected systems for real-time data monitoring
- Cybersecurity
 - Comprehensive security solutions for networks and data protection
- Embedded Systems & VLSI
 - Design and development of microcontroller-based systems and chip design
- Augmented Reality (AR) & Virtual Reality (VR)
 - Immersive experiences and interactive solutions for various industries
- Python, DevOps & Data Science
 - Robust programming, automation, and data analysis solutions
- Generative AI & Digital Marketing
 - Cutting-edge AI content creation and data-driven marketing strategies

Our Client Products

- Smart Home Energy Management System
- Aqua Monitoring System
- Rest Room Locator

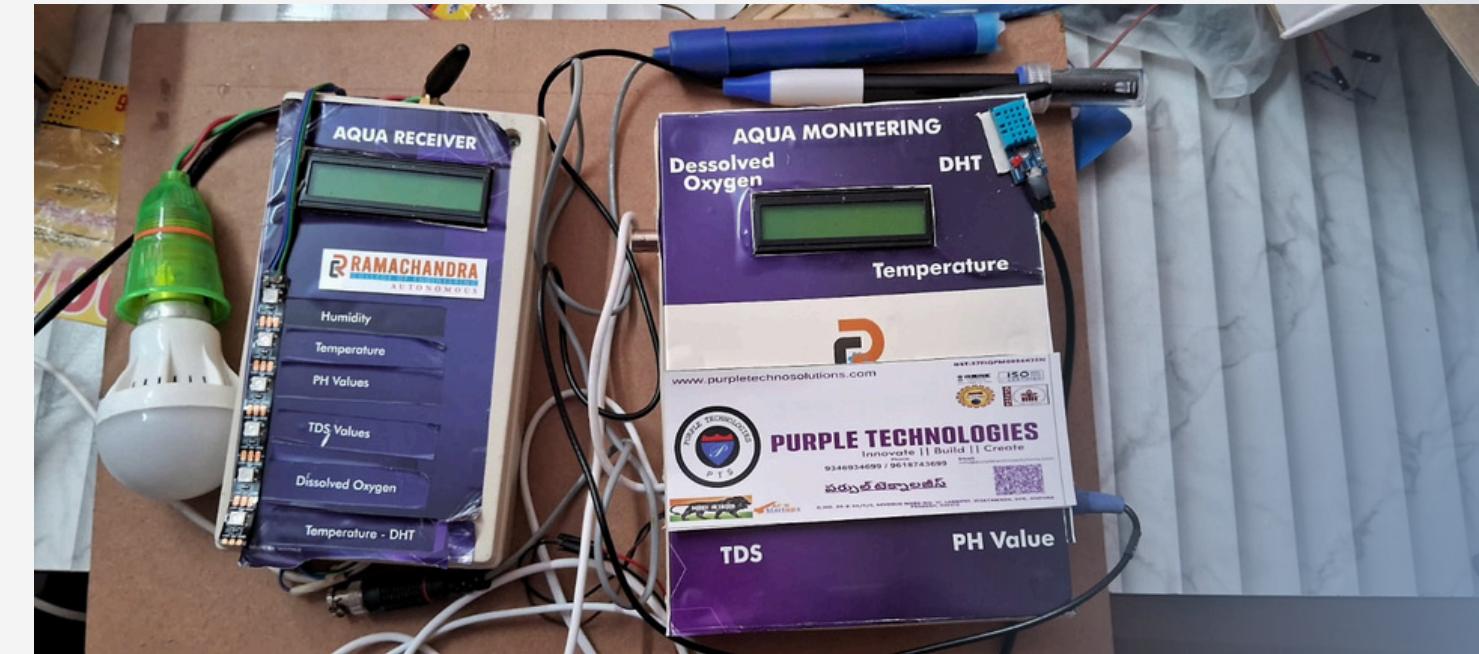

Aqua Monitoring System

Keep your water bodies in top condition with the Aqua Monitoring System, a comprehensive solution for real-time monitoring and data analytics.

Key Features

- **pH Monitoring:** Accurate real-time pH levels to ensure ideal water quality.
- **Dissolved Oxygen:** Tracks oxygen levels critical for aquatic life.
- **Temperature Measurement:** Maintains stable temperature for optimal fish health.
- **Conductivity and TDS:** Monitors water's Total Dissolved Solids (TDS) and conductivity, essential for quality control.
- **Weather Condition Monitoring:** Keeps track of ambient temperature and humidity to understand environmental impacts on water quality.

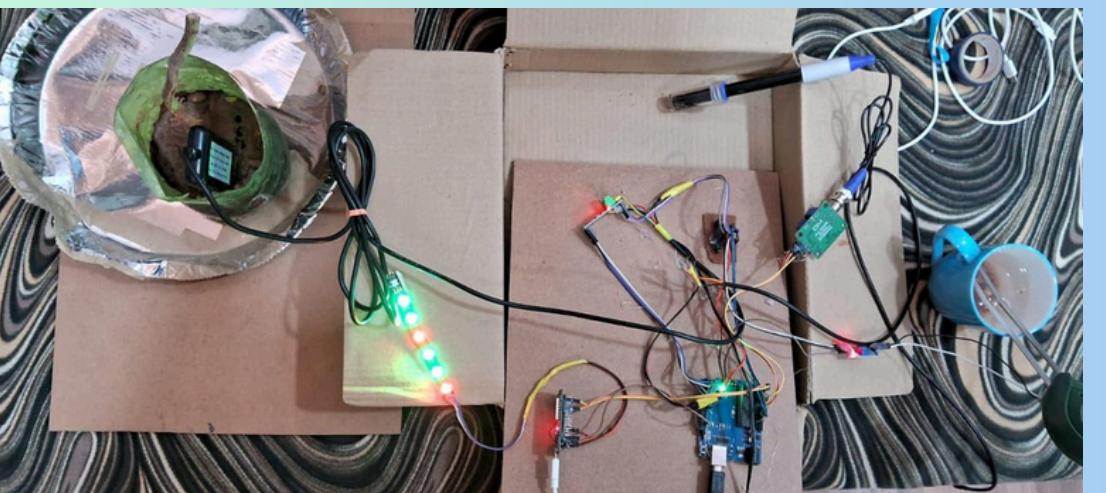

Data & Analytics

- **Cloud Integration:** All data is securely stored in the cloud, making it accessible anytime, anywhere.
- **Mobile App & Website Access:** Easily view and manage data through an intuitive mobile app and website.
- **Dashboards & Alerts:** Visual dashboards provide insights, while real-time alerts notify you of any critical changes.
- **Automated Reports:** Receive detailed reports to track long-term trends and make informed decisions.

AI-Powered Agriculture Monitoring System

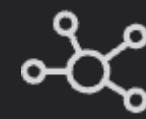

Job Assistance and Industry-Aligned Certifications

Resume Building and Interview Preparation

TechHub offers personalized resume review and interview coaching, preparing students for successful job applications.

Industry Networking Events

Connect with potential employers and industry professionals at dedicated networking events.

Job Placement Services

TechHub provides personalized job search support and guidance.

Industry-Recognized Certifications

Earn valuable certifications like AWS Certified Developer, Cisco Certified Network Associate (CCNA), and CompTIA Security+.

Preparing Students and Professionals for the Tech Industry

TechHub equips learners with the skills, knowledge, and connections needed to succeed in the tech industry, bridging the gap between academia and the workplace.

Industry-Recognized Certifications

Earn valuable certifications that demonstrate your expertise.

Networking Opportunities

Connect with industry professionals and potential employers.

Job Placement Assistance

Receive personalized career guidance and job search support.

Mentorship Program

Learn from experienced industry professionals.

Certifications: Demonstrating Quality and Expertise

AICTE (All India Council for Technical Education)

We are recognized by the AICTE, ensuring our educational programs meet high quality standards.

ISO (International Organization for Standardization)

Our commitment to ISO standards assures our clients of reliable and efficient processes.

MSME (Ministry of Micro, Small and Medium Enterprises)

Our MSME certification highlights our dedication to fostering innovation and entrepreneurship.
